

place\_image

```
graph LR; A[place_image] --> B[ft_putstr_fd]
```

A diagram showing a call from the function `place_image` to the function `ft_putstr_fd`. The `place_image` box is shaded gray, and the `ft_putstr_fd` box is white. A blue arrow points from the right side of the `place_image` box to the left side of the `ft_putstr_fd` box.

ft\_putstr\_fd
